

## FIRE PROTECTION SUPERVISOR CLASS II CERTIFICATE OF QUALIFICATION REQUIREMENTS

CITY OF KANSAS CITY, MISSOURI  
CITY PLANNING & DEVELOPMENT  
DEVELOPMENT SERVICES  
414 EAST 12TH STREET, 5<sup>th</sup> FLOOR  
KANSAS CITY, MISSOURI 64106  
(816) 513-1500 X 6

### A. LICENSE & CERTIFICATE OF QUALIFICATION DEFINED

A license is authority granted to the person, firm, partnership, company, corporation, association, agency, or other entity to whom it is issued to engage in the business of contracting to perform certain work. A license is not transferable (Section 18-326, Code of Ordinances).

A certificate of qualification is authority granted to an individual to perform certain skilled tradeswork and is not transferable (Section 18-336, Code of Ordinances).

A contractor license is required for an individual or business to perform regulated work and is distinct from the supervisor's certificate of qualification. As such, a contractor license must be applied for and procured separately from the supervisor's certificate.

### B. LICENSE & CERTIFICATE CLASSIFICATION

A licensed fire protection contractor class II shall be authorized to do the following:

Installation, maintenance, testing, or repair of only dry, wet, or combination standpipe systems as defined in Chapter 9 of the *International Building Code*, or article II of this chapter; and installation of fire hydrant lines.

All work performed by a licensed fire protection contractor class II shall be performed by or under the supervision of the holder of a fire protection supervisor class I or fire protection supervisor class II certificate of qualification.

### C. REQUIREMENTS FOR THE CERTIFICATE

A certificate application must include a completed application form, the required reference letters described below, a \$47.00 nonrefundable application fee, and either proof of passage of an acceptable substitute exam or a request for an exam registration form for an examination to be given for the City of Kansas City, Missouri, by the International Code Council (ICC). Checks are to be made payable to City Treasurer/CPD-DS and are to be submitted, along with the application and required supporting documentation, to the address shown above.

The applicant must meet these requirements:

- (1) The applicant shall provide at least two notarized reference letters completed and signed by official representatives of at least two companies engaged in the fire protection trade and verifying that the applicant has at least three years of experience in the installation, maintenance, testing, and repair of dry, wet, and combination standpipe systems and fire hydrant lines. The reference letters (provided by CPD-DS as part of the standard information packet) must be filled out in their entirety, and all critical areas of experience must be verified therein.

NOTE: References shall come only from the applicant's past or present supervisors or employers in the fire protection trade (i.e., bona fide managerial staff, company owners, corporate officers, partners, or principals). References shall **not** be accepted from these sources: material suppliers, the applicant's own past or present employees, individuals who have served under the applicant's direction, the applicant's past or present subcontractors, inspections staff from any jurisdiction, insurance representatives, bank representatives, or other sources not having direct personal knowledge and oversight of the applicant's tradeswork. One of the applicant's required reference letters may come from a relative, but only where that party is the individual's employer or direct supervisor and is actually a bona fide practitioner of the trade in which the applicant is seeking certification.

**EXCEPTION:** As an alternative to providing the required reference letters, the applicant may submit verifiable proof of certification in the same classification from another jurisdiction where the requirements are the same as or better than the City of Kansas City, Missouri. Such certification shall be verified with the jurisdiction issuing that certification; shall be current at the time of application with the City of Kansas City, Missouri; and shall be shown by that jurisdiction to have been issued based on equivalent or higher standards to those in place for that same classification in Kansas City, Missouri.

- (2) The applicant shall be at least 21 years of age.
- (3) The applicant shall be a senior high school graduate or shall have passed the General Educational Development Test. One additional year of experience may be substituted for each year of high school accreditation lacking.
- (4) The applicant shall receive a score of 70% or higher on the Philadelphia, Pennsylvania, fire suppression installer/worker examination administered by ICC for the City of Kansas City, Missouri.

**EXCEPTION:** The Kansas City, Missouri, examination may be waived if the applicant has earned a passing score of 70% or higher on a standard Expor Assessments, LLC or ICC examination or other department-approved national testing agency examination **comparable in content** to the examination currently given for the City of Kansas City, Missouri. **The applicant must provide verifiable documentation of the examination which is acceptable to the Building Official.** Please note that, if 70% is not considered a passing score on the particular version of the exam the applicant has taken, it shall not be considered a passing score for the purposes of certification by the City of Kansas City, Missouri.

#### D. APPLICATION REVIEW

The application will be reviewed for compliance with the work experience, education, and age requirements outlined on the preceding page; and applicants will be notified of any deficiencies. **All references may be contacted by CPD-DS for verification of work experience; and all certification requirements must be deemed satisfied before a certificate can be issued.**

#### E. EXAMINATION SCHEDULING

Either before or after submitting his/her application to Codes Administration, the applicant will need to either register for testing over the internet or contact ICC by telephone for an examination registration form. The information booklet included in the original mailing contains information concerning examination fees, content, format, references, dates, locations, deadlines, etc. Additional copies, as well as online registration forms, can be obtained from ICC at [www.iccsafe.org/contractor/](http://www.iccsafe.org/contractor/) or by telephone at 1-877-STD-EXAM. Only one test can be taken per one-month period. The testing agency shall send the applicant a confirmation letter concerning the date, time, location, and type of examination for which he/she has been scheduled.

Please note that the testing agency operates on a first-come, first-served basis and is limited as to the number of examinees it can accommodate at its various sites on any given day. Furthermore, the registration form and payment must reach the testing agency no later than the published application deadline to be considered for a particular test date. Therefore, it is to the applicant's advantage to turn in his/her examination registration form and proper payment to the testing agency as early as possible. Examination fees are neither refundable nor transferable.

#### F. EXAM SCORE REPORTING

The testing agency shall mail the applicant written confirmation of his/her score and pass/fail status. The score is not valid until such time as the City of Kansas City, Missouri, receives official confirmation from the testing agency. Applicants shall be responsible for advising the City of their status after they have passed the required examination so the City can seek confirmation from ICC, update their files, and make a determination.

Please note that the examination must be taken and passed and the passing score reported to the City of Kansas City, Missouri, by the testing agency within one year of the application processing date; otherwise, the application becomes null and void, and the individual must reapply for further consideration.

**Please also note that an individual may attain a passing exam score and still be denied certification for failure to meet the other minimum qualifications.**

**FIRE PROTECTION SUPERVISOR CLASS II REFERENCE LETTER**  
**(MUST BE COMPLETED AND SIGNED BY REFERENCE AND NOTARIZED DIRECTLY ON THE FORM BY A NOTARY PUBLIC)**

I, \_\_\_\_\_,  
(REFERENCE'S NAME) (REFERENCE'S JOB TITLE)

represent \_\_\_\_\_  
(REFERENCE'S COMPANY)

a company engaged in the fire protection trade. I hereby attest that \_\_\_\_\_  
(APPLICANT'S NAME)

who is applying for a fire protection supervisor class II certificate of qualification through the City of Kansas City, Missouri, has more than three years of practical, hands-on experience in the fire protection trade, full time, including experience in all of these areas of the fire protection trade, as described in section 18-327 of the Kansas City, Missouri, Building and Rehabilitation Code:

Installation, maintenance, testing, and repair of only dry, wet, and combination standpipe systems as defined in chapter 9 of the *International Building Code* or article II of this chapter; and installation of fire hydrant lines.

I affirm that all of the applicant's fire protection trades experience has been legally gained in the direct employ of one or more licensed contractors.

I also affirm that I have personally overseen this individual performing fire protection tradeswork during that period of time and that he/she is competent at the trade and has demonstrated sufficient mastery of the trade to act in a supervisory capacity. My relationship to the applicant is:

- \_\_\_ Employer/employee
- \_\_\_ Supervisor/employee
- \_\_\_ Contractor/subcontractor
- \_\_\_ Competitor
- \_\_\_ Apprenticeship training coordinator or other official representing \_\_\_\_\_  
\_\_\_\_\_ union or trades association
- \_\_\_ Other: \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

I am not a past or present employee of the applicant, nor have I ever worked under the applicant's direction.

I certify that all the statements contained herein are true; and I hereby authorize verification of the information given in this reference letter. My daytime telephone number is: \_\_\_\_\_. I understand that misstatement of any pertinent facts may be grounds for disqualifying the applicant and/or for charges of making a false statement on an official document.

\_\_\_\_\_  
(REFERENCE'S SIGNATURE) (DATE)

**I HEREBY CERTIFY THAT THE SIGNATORY ABOVE APPEARED BEFORE ME, A NOTARY PUBLIC, ON THIS DATE.**

NOTARY PUBLIC'S SIGNATURE: \_\_\_\_\_ DATE: \_\_\_\_\_

NOTARY PUBLIC'S STAMP AND SEAL:
