

KANSAS CITY, MISSOURI

American Recovery and Reinvestment Act

Summary Sheet

City Hall Department: Public Works	Federal Stimulus Program/Funding Source: Federal Highway Surface Transportation Program
Program / Project: 39 th Street Traffic Signal Upgrade	City's Program/Project Manager (phone): Wei Sun, (816) 513-2677
Council District: 4th	Council Committee: Transportation and Infrastructure
Federal/State Agency in charge: Federal Highway Administration Missouri Department of Transportation	Federal/State contact person: Lee Ann Kell, (816) 622-6318
Primary purpose/description of this program: To construct traffic signals at 2 intersections—Broadway and Roanoke	
Federal Funding through ARRA: \$400,000	
Other funding sources / Local Match needed?: None needed	
Administrative Costs and Eligibility for covering those costs: Administrative costs will be covered by current funding for traffic signal program.	
Funding Period: Available August 2009	
Services provided to the public: Upgrades to traffic signals at high traffic intersections to improve safety, capacity and visibility.	
Essential services this program fulfills: Improved flow of goods and services, bus routes, reduction in stoplight wait time, and increased safety	
Community Partners/coalitions/committees the Program/Project works with to achieve its mission and goals: Kansas City Area Transportation Authority	
Expected Outcomes of Program / Project: The proposed projects will install traffic signal mast arms at all intersections. We anticipate great accident reduction because visibility of the traffic lights will be improved. Project will also install pedestrian signal heads and buttons to provide safer pedestrian crossings. Project will be integrated with Operation Green Light which is a metro-wide program to synchronize traffic signals so that drivers can travel along thoroughfares without having to stop at red lights.
