

## Tele-town Hall

**For Kansas City parents, teachers and administrators**

**Tuesday, February 9, 7-8 p.m.**

Schools First is a new initiative created to help all schools in Kansas City - public, private and charter – by improving public safety and infrastructure around the schools. Schools First will:

- **Use a no tax increase bond to fix sidewalks, crosswalks and other city infrastructure around all schools**
- **Use a portion of a renewed Public Safety sales tax to fund increased police presence around all schools**
- **Focus Kansas City's basic service priorities on areas around all schools**
- **Partner with all schools to apply for federal and private grants to improve neighborhoods and walk to school programs**
  - **Create a city based staff liaison to work with every school**

After a brief overview of the program, Mayor Funkhouser will take questions from callers.

To participate in the *Schools First* Tele-Town Hall please call:

**1-888-886-6603**

**Ext. 13998#**
