Old Business:

--**Trash Appreciation Day;** Lynda- end of September/ October (Sept. 27th) 100-150 people. Potential locations: Gregg Center, Discovery Center, De La Salle School. Potluck by the neighborhood leaders. Pat Gallagher in the Mayor's office can get a proclamation and certificates of appreciation. Tammy will make the invitations and coordinate the potluck. Also an ode to trash men. Favorite trash man, funny stories about trash from both neighbors and the trash men.

--**Secretary Position;** David - Tammy is interested in the position and needs to fill out an application.

--**Priorities Survey Results;** David - passed out a copy of the survey results from neighbors who pick some main issues/priorities that need to be focused on in their neighborhoods. The survey was posted via internet.

--**Rental Properties Task Force Results;** David- Rental property registration. Where is the money for inspections going to come from? Nearly \$800,000 is needed for these rental properties but the landlords are unknown. Since there is no money for this, the decision was to go back to the drawing board.
