

Information About “Operation Pawntrace”

The Kansas City Missouri Police Department started this program for the purpose of alerting citizens about the importance of recording the serial numbers of personal property.

In Kansas City, Missouri there are approximately 30,000 property crimes reported each year. The overwhelming majority of these crimes involve the theft of property from law abiding citizens. The chances of being the victim of a property crime are far greater than any other crime. You can help in the fight against these types of crimes by recording the description and serial numbers of your personal property.

The Kansas City Missouri Police Department is committed to working with our citizens, neighborhoods, and businesses to make Kansas City a better place to live.
